

PUMA Sales Analytics Dashboard – Executive Summary

Project Overview

This interactive Excel dashboard was developed to analyze Puma sales performance using Pivot Tables, Pivot Charts, KPI Cards, Slicers, and Map Charts. The dashboard enables users to monitor sales, profitability, product performance, and regional trends through dynamic visualizations.

Dashboard Sections

1. Overview

Provides a high-level summary of overall business performance.

- Key KPIs
- Total Sales
- Operating Profit
- Units Sold
- Total Orders
- Operating Margin

Visuals:-

- Monthly Sales Trend
- Regional Sales
- Sales by State (Map)
- Top Selling Products
- Sales Method Distribution

2. Sales Analysis

Focuses on sales performance across different business dimensions.

Key Insights

- Monthly sales trends across the reporting period
- Quarterly sales comparison
- Regional sales performance
- Sales distribution by sales method
- Sales vs Operating Profit comparison

3. Products Analysis

Evaluates product-level performance and profitability.

Key Insights

- Top 10 Products by Sales
- Sales by Product Category
- Top Products by Units Sold
- Top Products by Operating Profit
- Sales vs Profit comparison by Product

Business Insights:-

- Monthly sales show clear seasonal fluctuations, helping identify peak and low-performing periods.
- Regional analysis highlights the highest revenue-generating markets.
- Product analysis identifies the best-selling and most profitable product categories.
- Sales Method analysis reveals the channels contributing the highest revenue.
- Operating Margin KPI helps evaluate overall profitability and operational efficiency.

Tools & Techniques Used

- Microsoft Excel
- Pivot Tables
- Pivot Charts
- Slicers
- Map Charts
- KPI Cards
- Conditional Formatting
- Dashboard Design
- Data Visualization

Skills Demonstrated

- Data Cleaning
- Data Analysis
- Business Intelligence Reporting
- Dashboard Design
- Data Visualization
- KPI Development
- Interactive Reporting
- Analytical Thinking

Project Status: Overview, Sales, and Products dashboards completed. Additional sections (Regions, Customers, and Trends) are planned for future enhancement.
